

# Grad Symposium'25

## SUSTAINABLE SOLUTIONS IN ENGINEERING

### POSTER SUBMISSION MANUAL

Posters must be prepared in accordance with the template provided on the graduate school's website.

**Poster Size:** Posters should be designed in a portrait format, measuring 70 cm (width) x 100 cm (height). The poster text, tables, and figures should be designed to be easily readable from a distance of 2 meters.

**Language:** Posters must be prepared in Turkish or English.

**Text Subheadings:** Posters should include subheadings such as *Title, Abstract, Keywords, Introduction, Materials and Methods, Results and Discussion, and References*. These subheadings should be written in bold.

Posters must be displayed on numbered boards. During the designated presentation period in the program, poster presenters must stand by their posters to provide information to participants about their work. At the end of the designated period, posters must be removed by their respective presenters.
